

Faculty Usage of Core Outcomes Assessment Results

Results from Fall 2022 Survey

The Core Curriculum Assessment Sub-Committee administered a survey to all Detroit Mercy Faculty during the fall 2022 semester. Faculty who teach core-approved courses and participated in core-outcomes assessment were allowed to complete the survey. The survey report captures responses from forty faculty members who indicate that as a result of participating in core outcomes assessment at Detroit Mercy, they have exchanged pedagogical ideas with colleagues (65%), revised and/or designed assignments (55%), made changes to course syllabi (45%), modified and/or created instructional materials (40%), and developed and/or altered rubrics (35%).
